With regard to your notice to RFWPAC (C00368696) dated January 10, 2013, I have reviewed the two items included in the notice, and I have concluded that they do represent errors. I have taken the following corrective actions:

(1) As to the excess contribution inadvertently accepted from Huntington Ingalls Industries Political Action Committee during 2012, I have refunded the excess contribution of \$2,500 with a check dated January 28, 2013. This refunded contribution will be reflected as a disbursement in the filing for the period that includes January 28, 2013.

(2) As to the apparent excess contribution made to the Scott Brown for U S Senate Committee, I have determined that the \$3,000 contribution made June 29, 2012 that was designated as a "General Election" contribution should have been designated as a "Primary Election" contribution in that it was made before the candidate's primary election. Accordingly, I have amended the report for the period that includes that contribution.
